MUSIC

When I'm drawing, I'm usually listening to music in my workplace. I'm listening to completely different CDs every time. It's always Japanese music, not Western. Though the CDs I want to listen to and the CDs my assistants want to listen to are different every time, I reject my assistant's opinion nearly everytime. I ignore my sulking assistants and spiritly draw my manga. After I finish listening to a CD, I quietly play a Yellow Monkey CD and my assistants get in a good mood. This has happened over the one year...

TOFU

I love tofu. Since I said "I will be the greatest tofu lover in Japan", I love when my friends have said "You love tofu more than the tofu-makers".

Somehow the best character of the characters I've drawn recently. He's a character that I just slightly touched up from a drawing I made suitably while watching TV. He's a character that since he's been so good, conversely I haven't thought a personality for him at all.

?

This is on top of my TV at my workplace. I've really had it since this manga got serialized. I don't quite remember what he is. Currently I've been cleaning many times, but I really don't get why it's been left behind without being thrown out. Since I usually throw out useless things, just that is on top of the TV as usual. I thought this suddenly looking on top of the TV now.

ALL OF THE CHARACTERS ON THIS COVER PAGE WERE THE TOP TEN
OF THE FIRST "FAVORITE BO-BOBO CHARACTER" POLL.

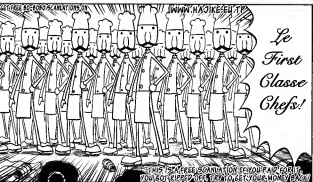

Chapter 61: Excellence

1. DON PATCH 2. HEPPOKOMARU 3. BOBBO-BO BO-BOBO 4. BEAUTY 5. TOKORO TENNOSUKE 6. KOPATCH
7. BOBOPATCH 8. HATENKO 9. PICKLE 10. GAME BOY P16

Thank you very much for the many postcards for "Bo-bobo Character Popularity - The Great Sense Exam!!". I think I am surprised with the number of postcards exceeding anticipation and I am extremely happy. Well then, the biggest surprise of my results this time is that Heppokomaru surpassed Bo-bobo for #2 in the "loved character ranking". This surprised my boss and assistants as well. Not holding back, I thought his best would be 5th. (since he's not a gag character). But I am glad he did make 2nd. Besides that, I was also surprised about Gum taking 3rd in the E.L.T. (Every Little Thing) ranking.

I GIVE IT...
